Piet W.N.M. van Leeuwen

Homogeneous Catalysis: Understanding the Art Piet W.N.M. van Leeuwen

No available as softcover

No other book available that gives insight into so many reactions of importance, while the field of homogeneous catalysis is becoming more and more important to organic chemists, industrial chemists, and academia.

Gives real insight in the many new and old reactions of importance, based on the author's extensive experience in both teaching and industrial practice.

Provide background to chemists trained in a different discipline and graduate and masters students who take catalysis as a main or secondary topic.
