Insight and Innovation: Leverage the “I” in “TEAM” Is your business dedicated to the people who create success, customer satisfaction and community betterment? Individual initiative and team cohesion are crucial to challenges associated with growth – maintain quality and stay focused on the mission so that your rewards and impact expand. This book is for the executive who has thrown money down the drain in personnel profiles and workforce education. These efforts achieved initial results in improved quality and productivity, but a positive trend line was not maintained. Why? The educational effect decayed because we are creatures of habit. Then the executive threw away more money to save the remaining ROI – the resources were wasted because human dynamics trump personality profiling or social engineering. Victor Bloomberg reveals the human dimension of teamwork in common sense language. The wisdom is derived from 30 years experience in Corporate Social Responsibility projects. Find out why some teams achieve their mission and others stall. Teamwork is the hub for customer satisfaction and talent retention – all 3 are vital to your success. Mediocre teamwork is like rusty underground pipes ready to rupture. Conflict within the organization or with stakeholders and customers is a crisis and an opportunity. Unattended or poorly managed mediocrity and conflict undermine your mission, your financial growth and your impact. There is a path to greatness that propels growth of financial success and expanding impact: Your Executive Leadership Inspires Excellence and Focuses the Team then Your Vision Comes True!
