Marilu Henner's Total Health Makeover: Ten Steps to Your BEST Body Marilu Henner, Laura Morton

"The question I've been asked most often over the last ten years is 'Marilu, why is it that you are much thinner now and even younger looking than you were when you did *Taxi* in the 70s?' I know that people are being kind and ask me this to make me feel good, but I also know there is a lot of truth to this as well. I am much thinner than I was. I have much more energy. I feel really great. And yes, I do think I look much better...I do know I feel much younger now, at 45, than I did even in my 20s. Except during my pregnancies, my weight has not fluctuated more than five pounds in the last eleven years. This is not a temporary phase I'm going through."

When was the last time you felt really healthy? Do you feel healthy right this minute?

For Marilu Henner the answer is a resounding yes! A fit body, glowing skin and eyes, loads of energy, a positive attitude, and a zest for life...Marilu knows from nineteen years of research and practice that feeling and looking good are every person's birthright, no matter what age or psychical condition.
