## **Reviving The Truth: The Theory** Mustafa Al-Hamed

Reviving The Truth addresses the issues surrounding the existence of God, the creation of life, religious pluralism, the problem of evil, and the meaning of life, which have plagued theism. The criticisms put forth by historical and contemporary atheists, from David Hume to Richard Dawkins, are explored and disputed. The skeleton of the book is a rational analysis of pure Islam, which is supported by evidence, and that steers clear of speculation directed by personal desire. It is complemented by a blend of philosophy, science, and spirituality. This book rewrites the status quo.
