Lebronte, Germaine, Staine, Wrigley and Jackson were all buddies growing up. They each went their separate ways but somehow remained remotely in touch. The bad blood between them stems from malicious acts of betrayal and unreconciled altercations. When their former high school throws one final “All Graduates” Ball before it’s closed permanently, they happen to unexpectedly run into each other.

Surprisingly, they don’t discuss their high school days at all, they were most focused on the genesis of their relationship: Riverview Junior High. As they reminisce about some of the wild and unbelievable events that happened while they were students at what was considered one of the worse schools in the country at the time, they began to realize just how much they have meant to each other. Is it possible they can repair the damage time has done to their relationships. Or are they just mutual memories from an era at a school better known RiverZoo
