Second Nature Nora Roberts

Revisit this popular, wildly captivating tale of adventure and romance by #1 *New York Times* bestselling author **Nora Roberts.**

For Celebrity magazine reporter Lee Radcliffe, tracking down the world-famous, notoriously private, horror-story writer Hunter Brown has become a personal quest.

Her carefully planned ambush finally pays off at a small writer's conference in Flagstaff, Arizona. But when the mysterious author turned out to be a dark-eyed master of seduction, Lee knows that it will take more than just good interviewing skills to get her an exclusive one-on-one. Digging into private lives is her business, but now Hunter Brown has turned the tables. With one smoldering kiss he has exacted his price.

He doesn't offer her the logical explanations she wants, but the illogic he offers seems terrifyingly close to the truth. If she puts her trust in him, she has to turn her back on most of what she believes is fact. Lee begins to worry less about getting to the heart of the story...and more about what her own heart wants.
