Neil J. Smelser

Sociological Theory - A Contemporary View: How to Read, Criticize and Do Theory (Classics of the Social Sciences) Neil J. Smelser

A pithy and clear guide to the process of creating and evaluating theory in the social sciences. Using a simple model of theory creation and assessment--and applying it in depth to foundational and still-relevant social and economic theorists such as Durkheim, Marx and Parsons--Neil Smelser shows the way to a better understanding of what social theory is supposed to accomplish and how it can be read critically. First appearing in 1971 as a monograph drawn from his undergraduate class on sociological theory, Dr. Smelser's how-to book is now presented in modern format and with his timeless examples and explanations. Featuring a new Preface by the author, as well as a new Foreword by Arlie Russell Hochschild, this book makes understanding the insides of a theoretical framework as clear as such a daunting feat can credibly be accomplished. Useful for students and researchers learning the tools to read all sorts of theory in a critical manner, its republication and new presentation bring Dr. Smelser's legendary course on social theory to a new generation. Part of the Classics of the Social Sciences Series from Quid Pro Books.

That Sociological Theory - A Contemporary View: How to Read, Criticize and Do Theory (Classics of the Social Sciences) can give you a lot of pals because by you checking out this one book you have thing that they don't and make an individual more like an interesting person. This book can be one of one step for you to get success. This reserve offer you information that might be your friend doesn't realize, by knowing more than other make you to be great persons. So , why hesitate? Let us have Sociological Theory - A Contemporary View: How to Read, Criticize and Do Theory (Classics of the Social Sciences).

Herbert Willams:

As a college student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or to make summary for some reserve, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that looking at is not important, boring along with can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Sociological Theory - A Contemporary View: How to Read, Criticize and Do Theory (Classics of the Social Sciences) can make you experience more interested to read.
