Marginal State Francesco Levato

Distilled verse and hard imagery exposes the effects of contemporary social, cultural, and political practices on the human condition. Nothing in the poems is named by indirection to achieve a managed effect. The good, the bad, the ugly, and the beautiful are present without artifice or distortion - the truth will out. You will see clearly and act or close your eyes, ears, and heart to life as it is and live on in your imaginary shell of avoidance. Be brave. See the world for what it is.
