Noble Vision Gen LaGreca

NOBLE VISION is a medical drama that won two national literary honors acclaimed in independent publishing. It was a ForeWord magazine Book-of-the-Year Finalist, and it was a Writer's Digest Book Awards finalist, one only six picks among 500 entries.

This medical and romance thriller is considered "very highly recommended reading" by Midwest Book Review and earned endorsements from American Medical Association past president Edward Annis, syndicated columnist Walter Williams, magazine magnate Steve Forbes, and Nobel laureate Milton Friedman.

The story begins with beautiful ballerina Nicole Hudson, who rose to Broadway stardom from a heartbreaking childhood. She is stirred by flowers and letters from a secret admirer who is inspired by her dancing. His letters hint at a great aspiration he has and at his despair over obstacles thwarting him.

Her secret admirer is David Lang, a young neurosurgeon with a medical breakthrough---a way of re-growing damaged nerves to cure brain and spinal-cord injuries. David's frustration arises because his experimental treatment, which he believes to be safe, requires approval from New York's health system, CareFree, a bureaucracy wracked with cost overruns and other, politically motivated priorities. To David's despair, it will take years to get through the red tape.

Then an accident happens that will change life as they know it for David and Nicole. She suffers a devastating injury, and her only hope is David's new cure. She never imagines that the neurosurgeon treating her is also her secret admirer.

What will happen when David is forced to take on the whole system---and the powerful, unswerving official who runs it---to fight for his work, his ideals, and the woman he loves?

A revolutionary medical breakthrough, a poignant romance, and a bitter conflict with the law converge in one explosive case.

As innovative as its surgeon-protagonist, NOBLE VISION is an against-the-grain political and medical novel that breaks the mold encasing much of today's fiction. In an age in which plot stories and character studies, not to mention romances and thrillers, appear in separate categories of fiction, and thought-provoking themes are rare, NOBLE VISION combines a rich mix of story elements in one satisfying read. It is a nail-biting thriller, a passionate romance, and a duel of the conflicting ideologies piercing the heart of medicine today. If the current healthcare system and the arrival of ObamaCare leave you feeling uneasy, uncertain---and afraid---NOBLE VISION will tell you why.

AWARDS FOR NOBLE VISION:

From reader reviews:

Joan Stauffer:

Have you spare time for just a day? What do you do when you have much more or little spare time? That's why, you can choose the suitable activity with regard to spend your time. Any person spent their very own spare time to take a wander, shopping, or went to the actual Mall. How about open or even read a book allowed Noble Vision? Maybe it is to be best activity for you. You recognize beside you can spend your time with the favorite's book, you can better than before. Do you agree with its opinion or you have different opinion?

Scottie Hicks:

Nowadays reading books are more than want or need but also work as a life style. This reading habit give you lot of advantages. Advantages you got of course the knowledge the actual information inside the book in which improve your knowledge and information. The data you get based on what kind of publication you read, if you want attract knowledge just go with schooling books but if you want sense happy read one using theme for entertaining such as comic or novel. The actual Noble Vision is kind of e-book which is giving the reader unstable experience.

Gabriel Reed:

Reading a guide tends to be new life style in this era globalization. With reading you can get a lot of information that can give you benefit in your life. With book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire their reader with their story or perhaps their experience. Not only situation that share in the ebooks. But also they write about the data about something that you need instance. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors on earth always try to improve their skill in writing, they also doing some analysis before they write to their book. One of them is this Noble Vision.

Thomas Burke:

Is it an individual who having spare time then spend it whole day by means of watching television programs or just laying on the bed? Do you need something totally new? This Noble Vision can be the respond to, oh how comes? A book you know. You are and so out of date, spending your free time by reading in this brand new era is common not a nerd activity. So what these textbooks have than the others?
