This four-volume set (CCIS 643, 644, 645, 646) constitutes the refereed proceedings of the 16th Asia Simulation Conference and the First Autumn Simulation Multi-Conference, AsiaSim / SCS AutumnSim 2016, held in Beijing, China, in October 2016.

The 265 revised full papers presented were carefully reviewed and selected from 651 submissions. The papers in this second volume of the set are organized in topical sections on HMI and robot simulations; modeling and simulation for intelligent manufacturing; military simulation; visualization and virtual reality.

From reader reviews:

Jessica Sarmiento:

The book Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science) make you feel enjoy for your spare time. You may use to make your capable far more increase. Book can to be your best friend when you getting strain or having big problem with the subject. If you can make studying a book Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science) to become your habit, you can get considerably more advantages, like add your capable, increase your knowledge about a number of or all subjects. You are able to know everything if you like wide open and read a e-book Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science). Kinds of book are several. It means that, science guide or encyclopedia or some others. So , how do you think about this e-book?

Patricia Howland:

As people who live in often the modest era should be up-date about what going on or facts even knowledge to make these keep up with the era which can be always change and make progress. Some of you maybe will probably update themselves by studying books. It is a good choice for you personally but the problems coming to you actually is you don't know which one you should start with. This Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science) is our recommendation so you keep up with the world. Why, because book serves what you want and want in this era.

Kenneth Kan:

Hey guys, do you really wants to finds a new book you just read? May be the book with the concept Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science) suitable to you? The particular book was written by well-known writer in this era. Often the book untitled Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science)is a single of several books that everyone read now. That book was inspired many people in the world. When you read this reserve you will enter the new shape that you ever know before. The author explained their idea in the simple way, therefore all of people can easily to be aware of the core of this e-book. This book will give you a large amount of information about this world now. In order to see the represented of the world with this book.

Jessica Bowman:

It is possible to spend your free time to study this book this book. This Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science) is simple to develop you can read it in the playground, in the beach, train and also soon. If you did not get much space to bring the particular printed book, you can buy the e-book. It is make you much easier to read it. You can save typically the book in your smart phone. And so there are a lot of benefits that you will get when one buys this book.
