Teaching Geography, Second Edition (Teaching Geography (W/CD)) Phil Gersmehl PhD

This book and accompanying CD-ROM present a complete conceptual framework and many hands-on ideas for effective K-12 geography instruction. The focus is on planning instruction that helps students develop spatial-thinking skills while learning about the land, climate, economy, and culture of places around the world. Nearly 100 engaging activities are provided in reproducible transparency masters and on the CD-ROM. Grounded in national and state standards, this is an ideal preservice text or professional development resource.
