**Witness** Whittaker Chambers

[Read by John MacDonald]

First published in 1952, *Witness* came on the heels of America's trial of the century, in which Whittaker Chambers accused Alger Hiss, a full-standing member of the political establishment, of spying for the Soviet Union. In this penetrating philosophical memoir, Chambers recounts the famous case as well as his own experiences as a Communist agent in the United States, his later renunciation of communism, and his conversion to Christianity. Chambers' worldview -- "man without mysticism is a monster" -- helped to make political conservatism a national force. *Witness* packs the emotional wallop and the literary power of a classic Russian novel and has gained Chambers recognition by critics on both sides of the spectrum as a truly gifted writer.

As a scholar exactly feel bored to help reading. If their teacher expected them to go to the library as well as to make summary for some publication, they are complained. Just small students that has reading's internal or real their hobby. They just do what the educator want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring as well as can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Witness can make you experience more interested to read.
