ECLS et ECMO: Guide pratique (French Edition)

ECLS et ECMO: Guide pratique (French Edition)

Le choc cardiogénique réfractaire est la cause de nombreux décès dans les services de soins intensifs de cardiologie et de réanimation. La mise en place d'une assistance circulatoire mécanique externe temporaire par circulation extracorporelle (ExtraCorporeal Membrane Oxygenation ou ECMO, Extracorporeal Life support ou ECLS) mise en place à la sortie du bloc opératoire et de longue durée - quelques jours à plusieurs semaines - permet de réduire cette mortalité. Elle nécessite un personnel formé ainsi que des protocoles et du matériel disponible en permanence. Cet ouvrage est le premier en langue française dédié à cet outil. Les auteurs exposent le principe de fonctionnement et le matériel nécessaire, les techniques de pose, la surveillance spécifique de ces patients, les différentes indications. Ce livre se veut résolument pratique et didactique pour permettre aux équipes soignantes une prise en charge adaptée à ces nouveaux patients et une réponse à leurs questions.

From reader reviews:

Donald Taylor:

Information is provisions for those to get better life, information these days can get by anyone on everywhere. The information can be a know-how or any news even an issue. What people must be consider while those information which is within the former life are challenging to be find than now could be taking seriously which one is acceptable to believe or which one the actual resource are convinced. If you find the unstable resource then you get it as your main information it will have huge disadvantage for you. All those possibilities will not happen in you if you take ECLS et ECMO: Guide pratique (French Edition) as the daily resource information.

Kevin Strickland:

Are you kind of busy person, only have 10 or even 15 minute in your morning to upgrading your mind proficiency or thinking skill perhaps analytical thinking? Then you are having problem with the book compared to can satisfy your short time to read it because pretty much everything time you only find guide that need more time to be learn. ECLS et ECMO: Guide pratique (French Edition) can be your answer as it can be read by an individual who have those short spare time problems.

Oliver Lyle:

Is it a person who having spare time and then spend it whole day through watching television programs or just lying on the bed? Do you need something totally new? This ECLS et ECMO: Guide pratique (French Edition) can be the reply, oh how comes? The new book you know. You are therefore out of date, spending your spare time by reading in this brand new era is common not a geek activity. So what these books have than the others?

June Slater:

Do you like reading a guide? Confuse to looking for your best book? Or your book seemed to be rare? Why so many issue for the book? But any people feel that they enjoy intended for reading. Some people likes reading, not only science book but novel and ECLS et ECMO: Guide pratique (French Edition) or perhaps others sources were given information for you. After you know how the truly amazing a book, you feel need to read more and more. Science publication was created for teacher or students especially. Those publications are helping them to bring their knowledge. In some other case, beside science e-book, any other book likes ECLS et ECMO: Guide pratique (French Edition) to make your spare time considerably more colorful. Many types of book like this one.
