Spirituality and the Natural World Along the coastal range of Southern Oregon lives a tree called Gem, "the largest of the large of her species," in the middle of a forest preserve. Many other conscious beings also live in this ancient forest, a place to experience life in its most elegant and simple forms. Gem is suddenly blessed with consciousness one spring day, and her sentience and the experiences of her long life help answer the prayers of a troubled man-a man who wants to keep his family close to his heart. An innovative work, told with clarity and simplicity, Grateful Life intertwines the spirituality of nature and God in a truly unique and beautiful way.
