Web Development with jQuery Richard York

Newly revised and updated resource on jQuery's many features and advantages

Web Development with jQuery offers a major update to the popular *Beginning JavaScript and CSS Development with jQuery* from 2009. More than half of the content is new or updated, and reflects recent innovations with regard to mobile applications, jQuery mobile, and the spectrum of associated plugins.

Readers can expect thorough revisions with expanded coverage of events, CSS, AJAX, animation, and drag and drop. New chapters bring developers up to date on popular features like jQuery UI, navigation, tables, interactive capabilities, and audio and video. The book focuses on the new features of jQuery that improve performance and speed, providing huge advantages over traditional JavaScript.

- Offers new and revised content throughout the book, which focuses on the most recent features and capabilities of jQuery
- Serves as an essential instructional tool for web developers with JavaScript and CSS knowledge who want to learn more
- Advises readers on how to best use jQuery's powerful, easy-to-use features to create dynamic web pages and web applications

This resource provides a deep understanding of jQuery and sets readers up for successful interactions with all it has to offer.

From reader reviews:

Roxanne Mazon:

Here thing why this specific Web Development with jQuery are different and dependable to be yours. First of all studying a book is good however it depends in the content from it which is the content is as yummy as food or not. Web Development with jQuery giving you information deeper including different ways, you can find any e-book out there but there is no guide that similar with Web Development with jQuery. It gives you thrill studying journey, its open up your current eyes about the thing that happened in the world which is maybe can be happened around you. It is easy to bring everywhere like in area, café, or even in your approach home by train. For anyone who is having difficulties in bringing the printed book maybe the form of Web Development with jQuery in e-book can be your alternate.

Ruth Jones:

A lot of people always spent their very own free time to vacation or maybe go to the outside with them family or their friend. Are you aware? Many a lot of people spent they will free time just watching TV, or even playing video games all day long. In order to try to find a new activity here is look different you can read the book. It is really fun to suit your needs. If you enjoy the book which you read you can spent all day every day to reading a book. The book Web Development with jQuery it is quite good to read. There are a lot of folks that recommended this book. These were enjoying reading this book. If you did not have enough space to create this book you can buy the e-book. You can m0ore quickly to read this book from a smart phone. The price is not to fund but this book possesses high quality.

Joseph Esparza:

Reading a book being new life style in this season; every people loves to learn a book. When you go through a book you can get a lot of benefit. When you read publications, you can improve your knowledge, simply because book has a lot of information upon it. The information that you will get depend on what forms of book that you have read. If you want to get information about your review, you can read education books, but if you act like you want to entertain yourself read a fiction books, such us novel, comics, as well as soon. The Web Development with jQuery offer you a new experience in reading a book.

Alexander Ray:

As a college student exactly feel bored for you to reading. If their teacher questioned them to go to the library as well as to make summary for some guide, they are complained. Just little students that has reading's internal or real their interest. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that reading is not important, boring in addition to can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Web Development with jQuery can make you sense more interested to read.
