Clive Staples Lewis (1898-1963) was a distinguished scholar of medieval and Renaissance literature who taught at both Oxford University and Cambridge University. After his conversion to Christianity, Lewis began writing Christian apologetic works aimed at a popular audience. It is for these works that Lewis is now best remembered; especially in the U.S., where his books have sold in the millions and continue to be popular today. Perhaps because of this popularity, however, Lewis's Christian writings are generally dismissed by theologians as oversimplified and conceptually flawed. With this book, Wesley A. Kort hopes to rehabilitate Lewis and to demonstrate the value and continuing relevance of his work. Kort not only retrieves Lewis from the now-dated context of his writings, but also wrests him from the hands of evangelicals who have turned his word into gospel and mistaken his attacks on modernity for a retreat from the world. Kort addresses and refutes common prejudices about Lewis and shows that, although Lewis was sharply critical of the materialism and narcissism of modern culture, he nevertheless insisted that only through culture can Christian teachings effectively shape moral character. Lewis's desire for a fruitful, interactive relationship between Christianity and culture sharply distinguishes him from neo-orthodox theology and many contemporary Christian rejections of culture.
