Consumer Economics: Issues and Behaviors

Elizabeth B. Goldsmith

Consumer Economics: Issues and Behaviors Elizabeth B. Goldsmith

From identity theft to product recalls, from what we once thought of as unshakeable institutions to increasing concerns about sustainability, consumer issues are an integral part of modern life. This fully updated third edition of *Consumer Economics* offers students an accessible and thorough guide to the concerns surrounding the modern consumer and brings to light the repercussions of making uninformed decisions in today's economy.

This definitive textbook introduces students to these potential issues and covers other key topics including consumer behavior, personal finance, legal rights and responsibilities, as well as marketing and advertising. Combining theory and practice, students are introduced to both the fundamentals of consumer economics and how to become better-informed consumers themselves.

Highlights in this new edition include:

- New Critical Thinking Projects feature to encourage students to develop their critical thinking skills through analysing consumer issues.
- Expanded coverage of social media and the impact of social influence on consumers.
- Revised Consumer Alerts: practical advice and guidance for students to make smart consumer decisions.
- A new Companion Website with a range of presentation materials and exercises related to each chapter.

Fully updated throughout, this textbook is suitable for students studying consumer sciences – what works, what doesn't, and how consumers are changing.

From reader reviews:

Gabrielle Ponds:

Book is to be different for every single grade. Book for children until eventually adult are different content. As we know that book is very important normally. The book Consumer Economics: Issues and Behaviors seemed to be making you to know about other information and of course you can take more information. It doesn't matter what advantages for you. The e-book Consumer Economics: Issues and Behaviors is not only giving you considerably more new information but also to be your friend when you really feel bored. You can spend your current spend time to read your guide. Try to make relationship while using book Consumer Economics: Issues and Behaviors. You never feel lose out for everything should you read some books.

Anthony Alfaro:

Information is provisions for people to get better life, information these days can get by anyone with everywhere. The information can be a information or any news even an issue. What people must be consider when those information which is in the former life are difficult to be find than now's taking seriously which one is appropriate to believe or which one often the resource are convinced. If you have the unstable resource then you understand it as your main information you will see huge disadvantage for you. All of those possibilities will not happen in you if you take Consumer Economics: Issues and Behaviors as your daily resource information.

Solange Smith:

A lot of people always spent their very own free time to vacation or perhaps go to the outside with them loved ones or their friend. Do you realize? Many a lot of people spent they will free time just watching TV, as well as playing video games all day long. If you want to try to find a new activity that's look different you can read some sort of book. It is really fun for you personally. If you enjoy the book that you simply read you can spent the whole day to reading a publication. The book Consumer Economics: Issues and Behaviors it is quite good to read. There are a lot of those who recommended this book. These folks were enjoying reading this book. In case you did not have enough space to develop this book you can buy often the e-book. You can m0ore easily to read this book out of your smart phone. The price is not to cover but this book offers high quality.

Tara Payton:

The reason why? Because this Consumer Economics: Issues and Behaviors is an unordinary book that the inside of the reserve waiting for you to snap it but latter it will shock you with the secret this inside. Reading this book adjacent to it was fantastic author who else write the book in such remarkable way makes the content within easier to understand, entertaining method but still convey the meaning completely. So , it is good for you for not hesitating having this any more or you going to regret it. This excellent book will give you a lot of benefits than the other book have such as help improving your expertise and your critical thinking technique. So , still want to hold off having that book? If I were being you I will go to the book

store hurriedly.
