For decades, there have been guides for comic books, toys, premiums, and other related collectibles, and recently a great updated price guide for Underground Comix. There are guides for nearly every facet of comic book collecting. But until now, there has never been a true, complete guide dedicated to fan-based and information-based comic-related publications, collectively called Fanzines. Dale's Comic Fanzine Price Guide is the first and only comprehensive price and information guide for comics fanzines and comic related publications! As research began on the Guide, it became apparent that there was a lot more to the Fanzine side of comic collectibles than was originally thought. A wide range of publications fall under this umbrella, including price guides and checklists, indexes, historical books, "Art of" type books that spotlight a particular artist, true fan-based publications (such as older ditto and mimeographed fanzines) published by non-professionals, some of whom would go on to become comic professionals, and the so-called "Prozines", which would include magazines like Comic Book Marketplace, FOOM, Amazing Heroes, and many others. The Guide includes a variety of information on fanzines and publications about comics including: \*

Notations of key issues and early content of non-comic artists and writers, such as Gene Simmons of Kiss, author George R. R. Martin, and others \* Early, previously unknown pre-professional work by key artists such as Perez, Miller, Byrne, Starlin, Kaluta and many more \* Over 400 covers of all types of publications. With some of these books being rare and highly sought after, there is a large and growing market for this material. Many of these fanzines have been largely undocumented, and some of them are virtually unknown. Dale's Comic Fanzine Price Guide brings this rare and valuable information to the casual and hardcore collector alike.
