This user-friendly Stimulus Book gives clinicians all the visual stimuli needed to conduct PTBI™ effectively. With this book clinicians will develop the best possible supports for children with brain injury and prepare them for successful return to the classroom.

This book is part of PTBI™, a criterion-referenced, standardized test designed for use with children ages 6–16 recovering from brain injury. An effective and innovative tool that takes just 30 minutes to complete, PTBI assesses the skills children need to return to school and function in the general education curriculum.

Learn more about the entire *PTBI* system.
