One of the best approaches is to 'know the competition,' and in this regard Jason Evert's book will prove to be a useful tool in combating the Jehovah's Witnesses' mindset and doctrines. This work is intended for the 'average Catholic' who has no formal training in theology, and so it is designed to be easily understood and practical. Beginning with the foundations of the Watchtower organization, the author deals with its presidents and history, moves next through the basic structure and content of the Jehovah's Witness' world, and then discusses the various doctrines of the Watchtower and how to refute them. Particular attention is given to some 'favorite verses' and standard topics that a Witness will typically use in attacking the Catholic faith. Finally, some extremely helpful and practical suggestions are offered for how to interact with someone who has become a Jehovah's Witness.
