## **A Companion to Yi jing Numerology and Cosmology** Bent Nielsen

Translations of the *Yi jing* into western languages have been biased towards the *yili* ('meaning and pattern') tradition, whereas studies of the *xiangshu* ('image and number') tradition - which takes as its point of departure the imagery and numerology associated with divination and its hexagrams, trigrams, lines, and related charts and diagrams - has remained relatively unexplored. This major new reference work is organised as a Chinese-English encyclopedia, arranged alphabetically according to the *pinyin* romanisation, with Chinese characters appended. A character index as well as an English index is included. The entries are of two kinds: technical terms and various other concepts related to the 'image and number' tradition, and bibliographical information on Chinese *Yi jing* scholars. Each entry in the former category has a brief explanation that includes references to the origins of the term, cross-references, and a reference to an entry giving a more comprehensive treatment of the subject.

#### **Rodney Wilson:**

Your reading sixth sense will not betray an individual, why because this A Companion to Yi jing Numerology and Cosmology e-book written by well-known writer who knows well how to make book that can be understand by anyone who also read the book. Written inside good manner for you, still dripping wet every ideas and publishing skill only for eliminate your own hunger then you still hesitation A Companion to Yi jing Numerology and Cosmology as good book not simply by the cover but also with the content. This is one e-book that can break don't determine book by its include, so do you still needing yet another sixth sense to pick that!? Oh come on your reading through sixth sense already told you so why you have to listening to one more sixth sense.

#### **Edith Macklin:**

As a student exactly feel bored to reading. If their teacher expected them to go to the library or even make summary for some reserve, they are complained. Just little students that has reading's heart or real their leisure activity. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful images on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this A Companion to Yi jing Numerology and Cosmology can make you feel more

interested to read.
