Apuleius

Apologia. Florida. De Deo Socratis (Loeb Classical Library) Apuleius

Apuleius, one of the great stylists of Latin literature, was born ca. 125 AD in Madauros to a politically prominent family and received an elite education in the provincial capital Carthage and at Athens, where he began a lifelong allegiance to Platonic philosophy. In the later 150s, he married Pudentilla of Oea, a wealthy widow, and seems to have enjoyed a distinguished public career in Africa and perhaps as an advocate in Rome.

Although Apuleius is best known for his picaresque novel *Metamorphoses or The Golden Ass* (LCL 44, 453), he also wrote and declaimed on a wide variety of subjects. This edition contains the other surviving works of Apuleius that are considered genuine. *Apologia* is a speech in which Apuleius defends himself against in-laws who had accused him of having used sinister means, including magic, to induce Pudentilla to marry him. The *Florida* is a collection of twenty-three excerpts from speeches by Apuleius. *De Deo Socratis (On Socrates' God)* locates Socrates' invisible guide and protector (*daimonion*) within the more general concept of *daimones* as forces intermediary between gods and humans.

This edition, new to the Loeb Classical Library, offers fresh translations and texts based on the best critical editions.
