The daughter they never knew

When Miles Jenkins sees the graceful young figure skater on TV, he can't believe how much she resembles Lark McGee, the girl he dated briefly in college. Could this aspiring star be the child Lark gave up for adoption eighteen years ago? He has to find out.

Locating Lark ignites conflicting emotions in Miles—including regrets for what might have been and romantic feelings that take the two single parents by surprise. As they prepare to meet their daughter, this deeper connection between the two just might be the chance at love they never got.
