Lean HR

Dwane Lay

Lean HR Dwane Lay

Lean principles have been used for years in the manufacturing world, and have started to make an impact in the office as well. These tools can provide the foundation to building a systematic approach to improving your HR practice and lowering costs.

In this book, practitioners will be guided through an overview of the basics of Lean, how to use the most common tools, and how to then leverage them to bring an element of process excellence to their HR department. With a few simple templates, some common sense, and a willingness to question the current state, great strides can be made in reducing costs and improving effectiveness in HR departments of any size!

Includes a simple overview of Lean philosophy and its evolution, an assortment of easy to use tools to help you find and analyze improvement projects, and a structured approach to reducing waste in your practice.

"Dwane Lay practices what he preaches. Lean HR is a lean book. It's chock full of the wisdom of the trenches while guiding the reader to the most important tools and concepts. This is a field manual for optimizing the processes and outputs of your HR shop. Think of it as a guide for HR people who want to continue to work in the field." - **John Sumser, Founder HR Examiner and HRx Analysts @johnsumser**

"What if you could get rid of the processes and procedures that waste your time and make your job harder? What if you could think about the way you work in a new way, a way that makes you better and more effective at what you do? What if all this even saved time, resources, and money? And what if there were even elephant jokes? Dwane Lay's experience, sensibility and great sense of humor show you how to start and how to get there." - **Heather Bussing, employment attorney @heatherbussing**

"One thing HR isn't great at is taking the BS out of any process. HR people are famous for adding structure and process to just about anything, with the rationalization that it makes the target "more fair" or "easier to use". That's where Dwane Lay comes in. A classically trained Six Sigma ninja, Dwane turns "lean" concepts into easy to understand tools to help HR pros get to what's real - and what people will actually use. Highly recommended!" - **Kris Dunn, Chief Human Resources Officer, Kinetix. Founder of blogs - The HR Capitalist and Fistful of Talent. @kris_dunn**

"Dwane is the Lean HR guy. Period. If you've heard him speak at a conference you know this. If you haven't, trust me. Dwane knows process improvement and HR. When I'm a CEO again, Dwane will be my COO." - **China Gorman, CEO CMG Group @chinagorman**

"Hunter S. Thompson, Bob Guccione, Andy Warhol and Dwane Lay were having lunch one day at a local diner... Dwane was regaling the group with his most recent transatlantic exploits when the subject of this book came up. He told them what I'll tell you. Two words... life changing. That's all folks... buy it, read it, live it, share it. Do yourself and humanity a favor. By the way, Bob picked up the check that morning. He's that guy." - **William Tincup, SPHR, CEO, Tincup & Co. @williamtincup**

From reader reviews:

Janice Pyles:

Do you have favorite book? When you have, what is your favorite's book? Book is very important thing for us to know everything in the world. Each book has different aim or perhaps goal; it means that reserve has different type. Some people truly feel enjoy to spend their a chance to read a book. They are really reading whatever they consider because their hobby is reading a book. How about the person who don't like looking at a book? Sometime, man feel need book whenever they found difficult problem or even exercise. Well, probably you will need this Lean HR.

William Fields:

This Lean HR is great publication for you because the content which is full of information for you who have always deal with world and have to make decision every minute. This specific book reveal it data accurately using great organize word or we can claim no rambling sentences in it. So if you are read that hurriedly you can have whole data in it. Doesn't mean it only provides straight forward sentences but challenging core information with attractive delivering sentences. Having Lean HR in your hand like obtaining the world in your arm, details in it is not ridiculous one. We can say that no guide that offer you world with ten or fifteen minute right but this reserve already do that. So , this really is good reading book. Hi Mr. and Mrs. busy do you still doubt that?

Donald Freeman:

That reserve can make you to feel relax. That book Lean HR was colorful and of course has pictures on there. As we know that book Lean HR has many kinds or style. Start from kids until teens. For example Naruto or Investigation company Conan you can read and think that you are the character on there. Therefore , not at all of book tend to be make you bored, any it offers you feel happy, fun and unwind. Try to choose the best book for you and try to like reading which.

Michael Wheeler:

Many people said that they feel bored stiff when they reading a reserve. They are directly felt it when they get a half elements of the book. You can choose the actual book Lean HR to make your personal reading is interesting. Your own skill of reading skill is developing when you like reading. Try to choose very simple book to make you enjoy to learn it and mingle the impression about book and reading through especially. It is to be first opinion for you to like to open a book and go through it. Beside that the e-book Lean HR can to be your brand new friend when you're truly feel alone and confuse with the information must you're doing of this time.
