Betty L. Gahart, Adrienne R. Nazareno

**2015 Intravenous Medications: A Handbook for Nurses and Health Professionals** Betty L. Gahart, Adrienne R. Nazareno

The #1 IV drug handbook for more than 40 years, **Intravenous Medications: A Handbook for Nurses and Health Professionals** is trusted for its accuracy and comprehensive coverage. Whether you prefer the portable print version or one of the convenient electronic formats, each drug monograph — including those for new IV drugs recently approved by the FDA — includes the drug's generic name, common trade name(s), drug category, pH, dosages and dose adjustments, dilution, incompatibilities, rate of administration, actions, indications and uses, contraindications, precautions, drug/lab interactions, side effects, and antidote — all alphabetically organized to help you find drug information quickly and easily.

- **UNIQUE! Published annually** to ensure that you have essential information on the most recently approved IV drugs, as well as updated information on existing drugs.
- **UNIQUE! Thorough coverage of more than 350 IV drugs** provides far more information than any other comparable handbook.
- **Updated IV drug dilution and dosage charts within monographs** provide quick access to essential information.
- **Black Box Warnings, screening, and highlighting** make locating key information fast and easy.
- **Age-specific dosage variances** are highlighted for geriatric, pediatric, infant, and neonatal patients.
- **IV drugs are listed alphabetically by generic name** for quick clinical reference.
- **Redesigned printed thumb tabs** help you find information faster.
- **UNIQUE! Time-tested page layout** keep all dosage information for each drug on either a single page or a two-page spread to prevent hand contamination by having to turn a page.
- **Consistent, easy-to-use format** provides all the essential clinical information you need on IV drug administration.
- **NEW! Eleven new drug monographs** provide you with current, clinically relevant drug information for new IV drugs recently approved by the FDA.
- **NEW! Updated drug monographs** reflect the latest changes in IV drug therapy.
