Elements of Neo-Classical Style

The elements of Neo-classical style are the elements that reflect Neo-classicism in modern living space. It could be as big as a solid Roman column, and as small as a beautifully carved artefact. These decorative substances can evoke imagination, cast visual impact, and reach the very inner part of the audience. They are not necessarily 'vintage', but they do convey the preciseness, solemnity, and luxury of Neo-classicism. Neo-classical elements present strict geometric patterns and are more or less hand carved, bringing the ambiance of solemn elegance and the 'human' factor into the interior. Therefore, Neoclassical style is given more consideration in today's interior decorating industry.
