A garden journal is your own personal diary of what happened in your garden. It will be a daily record of your achievements from year to year and of the changes you've made to your garden. It's also a great way to record how much you've learned from the very first time you planted a garden to now.

What's great about a journal is that when you get done with recording a gardening season, your journal becomes your own personal book filled with facts and information about what went on in your garden and how you did things. What great fun it will be to look back at these "books" that you wrote and have great hours re-living your experiences in the art of gardening.

This Garden Journal has the following content:

- \* Monthly Gardening To-Do List
- \* 52 pages of Weekly Gardening Notes
- \* Plant Record Logs
- \* Seed Record Logs
- \* General Notes
