This AP\* Human Geography companion is filled with vocab, activities and assignments that follow Rubenstein's Cultural Landscape Twelfth Edition+ for all 13 chapters. Its activities can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be assigned as regular homework. All you need is the textbook. Teachers can copy at will, or use the book as a student consumable. The rationale for having a workbook like this is that as publishers began putting much of their extra content online, a niche for traditional classwork was opened. Also, whether the textbook itself is written in ink or electrons, many students still find it valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in this workbook challenge students to apply the concepts, give examples, diagram every chapter, and think things through. Find TTT on FB.
