#1 MUSIC BOOK OF 2014 - AllMusicBooks.com (USA)

BEST BOOKS OF 2014 - PRI Public Radio International (USA)

"A largely untold, more controversial story... anything but a hagiography. A fresh, incisive take on the band. Though Fink's deffo off the Christmas card list, he writes passionately about a band he adores."

- MOJO (UK) ★ ★ ★ ★ (four-star review)

"It's extraordinarily well written and presents a fascinating view of the band and the people that helped make it happen... a great piece of research and magnificently presented."

- Phil Carson, former vice-president of Atlantic Records who signed AC/DC

"An essential read for fans of the band. Most important, The Youngs gives a full portrait of just how significant a role George Young, Malcolm and Angus's older brother, played in AC/DC's development."

- The New Yorker

"Until a band member puts pen to paper in a proper tell-all exposé - they won't - Jesse Fink's work here is the number one go-to book on the subject, warts 'n' all."

- Uber Rock (UK)

"One of the few genuinely good books about a hard rock band."

- Alex Johnston, The List (UK) ★ ★ ★ ★ (four-star review)

"This thought-provoking book definitely breaks some new ground. Arrangement by chapters dedicated to specific songs is a satisfying way of telling the AC/DC story while providing music criticism. Scholarly fans will appreciate the bibliography. This one's a must-read for fans."

- Library Journal (USA)

With sales of over 200 million albums, AC/DC is not just the biggest rock band in the world, it's a family business built by three brothers: George, Malcolm and Angus Young. As with any business, some people prospered while others got hurt along the way. The Youngs: The Brothers Who Built AC/DC is unlike any AC/DC book you've read before. Less a biography, more a critical appreciation, it tells the story of the trio through 11 classic songs and reveals some of the personal and creative secrets that went into their making. Important figures from AC/DC's long journey to the top open up for the very first time, while unsung heroes behind the band's success are given the credit they are due. Accepted accounts of events are challenged while sensational new details emerge to cast a whole new light on the band's history - especially their early years with Atlantic Records in the United States. Former AC/DC members and musicians from bands such as Guns N' Roses, Dropkick Murphys, Airbourne and Rose Tattoo also give their perspectives on the Youngs' brand of magic. Their music has never pulled its punches. Neither does The Youngs. After 40 years, AC/DC might just have got the serious book it deserves.
