Starlight Shines for Miranda, a Best Books 2004 award winner for young adults, is the fifth book of a highly acclaimed new series of children's fiction, and will entertain and encourage; thrill and edify its readers.

Starlight indeed shines for Miranda in this exciting adventure. Though Miranda is maturing and taking more responsibility, she continues, through her many adventures, to strengthen her character. She continues to be a spunky, sometimes impulsive child with great intentions and a generous, loving spirit. Her family situation has changed and gives her many new challenges, yet her life still centers around the horse she loves. When she and Starlight are separated, it becomes apparent that the bond of love between them is as strong for the horse as it is for Miranda. They are a winning team.
