**Focus on Nursing Pharmacology** Amy M. Karch RN MS

**Help your students develop the knowledge they need to deliver safe, effective drug therapy.**

This proven resource reviews and integrates students' baseline knowledge of physiology, pathophysiology, chemistry, and nursing fundamentals into chapters focused on "need to know" concepts about each group of drugs. Reflecting the most recent advances in the field, this concise and beautifully illustrated book organizes essential nursing pharmacology information into easy-to-learn steps.

## KEY FEATURES:

- A new ***Nursing Processes* feature** highlights the how-tos of planning patient-centered care.
- **Coverage of 52 new drugs and 11 new drug classes** brings the book completely up-to-date.
- **Expanded *Critical Thinking Scenarios*** present real-life scenarios that help students understand how assessment and the data collected are applied in clinical situations.
- ***Nursing Considerations* sections** highlight the rationale for each nursing intervention to help students apply the information in practice.
- ***Drugs in Focus* tables** clearly summarize and identify the drugs within a class, highlighting generic and trade names, usual dosage, and indications.
- ***Focus on Safe Medication Administration* boxes** present vital information to help keep patients safe, prevent medication errors, and increase the therapeutic effectiveness of the drugs.
- ***Focus on Calculations* reviews** help students hone calculation and measurement skills while learning about the drugs for which doses might need to be calculated.
- ***Focus on Drug Therapy Across the Lifespan* boxes** concisely summarize points to consider when using the drugs of each class with children, adults, and the elderly.
- ***Check Your Understanding* sections** present NCLEX-style questions, including alternate format questions, to help students prepare for the exam, as well as other questions and activities that reinforce concepts and aid in retention.

**Focus on Nursing Pharmacology, Seventh Edition**, is also incorporated into *Lippincott CoursePoint+*, a dynamic learning solution that integrates this book's curriculum, adaptive learning tools, virtual simulations, real-time data reporting, and the latest evidence-based practice content together into one powerful student learning solution. *Lippincott CoursePoint+* improves the nursing students' critical thinking and clinical reasoning skills to prepare them for practice. #### **Stephanie Dillard:**

The reason? Because this Focus on Nursing Pharmacology is an unordinary book that the inside of the book waiting for you to snap the idea but latter it will zap you with the secret the item inside. Reading this book alongside it was fantastic author who also write the book in such awesome way makes the content within easier to understand, entertaining means but still convey the meaning completely. So , it is good for you for not hesitating having this anymore or you going to regret it. This amazing book will give you a lot of benefits than the other book have got such as help improving your talent and your critical thinking way. So , still want to hold up having that book? If I had been you I will go to the reserve store hurriedly.

#### **Matthew Seifert:**

As a university student exactly feel bored to help reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just very little students that has reading's heart or real their pastime. They just do what the educator want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Focus on Nursing Pharmacology can make you feel more interested to read.
