We all hate getting ripped off. There is little reason to trust anyone in today's world of identity theft, Wall Street cronyism, political deception, and corporate greed. To top it off, there are charlatans in every town and they disguise themselves as care salesmen, realtors, mechanics, cable companies, landlords, and of course...insurance agents. Over-Insured has a simple aim: to help you build the financial protection plan you need without wasting money on unnecessary insurance policies and coverage. In the insurance world, education is the key to saving money and ensuring that you only get the products you really need. Arm yourself with the education in this book so that you can't be taken advantage of by agent 'fast talk' ever again. Over-Insured will help you formulate a plan with everything you need to protect your family and your wealth...without buying every product under the sun.
