This is the very first scientific newsletter and ongoing essay of its kind and the very first issue introducing the editor's initial research and approach to applying the Human Social Mood Fractal Science to sports organizations. Ever wonder why a sports organization can endure a long-term trend of success or failure for decades even despite various management and personnel changes? This article explores the "Oakland Raiders" since the birth of the organization and explains what occurred and what changed during the team's rise to success and decline into failure and makes a prediction of future performance in the coming years based off of mathematical formulas.
