An exciting new series of early learning novelty board books that combine Scholastic's strength in learning with beautiful photography and clear designs to stimulate early learning.

*Look Who's Talking!* is a multi-button sound book with flaps to link pictures, words and, baby signing.

Each of the ten sound buttons in the sound bar provides one word. Children can look at the picture, press the button, and hear the word! The book also features all 25 first words that your toddler should be using by age two.

Flaps throughout the book also reveal baby sign language for each word. Signing with your baby is considered to have many benefits (behavioral, vocabulary and language skills, fine motor skills and visual attention). It is also fun, and can be a wonderful bonding experience!

(List of words developed as a result of research by Professor Leslie Rescorla, Director of the Child Studies Institute at Bryn Mawr College.)
