An acclaimed dystopian trilogy gets new covers, a new format--and new titles.

"A convincing and imaginative dystopia." --Kirkus Reviews

It's two months after the end of *Shattered*, and Lia is right back where she started: home, pretending to be the perfect daughter. But nothing's the way it used to be. Lia has become the public face of the mechs, BioMax's poster girl for the up-and-coming technology, devoting her life to convincing the world that she—and the others like her—deserve to exist. Then Jude resurfaces, and brings some scandalous information with him. Is BioMax really an ally to the mechs? Or are they using the technology for a great evil...and if so, can Auden really be a part of the plan? Meanwhile, Lia also learns a shocking truth about the accident that resulted in her download...a truth that forces her to make a decision she can never reverse.
