Atlas of Human Anatomy Springhouse

Atlas of Human Anatomy is a full-colour, comprehensive atlas designed to help health care professionals understand the structure of the human body and apply this information to solving clinical problems. It presents brilliant, full-colour illustrations organised by body region; head and neck, back and spine, upper limb, thorax, abdomen, pelvis and perineum, and lower limb. The unique, two-page layout of this atlas is a strong selling feature for students. The atlas focuses on what health care professionals need to know to help them understand the relevance of basic anatomy in their practice, especially in interpreting their observations when assessing their patients' signs and symptoms.
