Gary Rosen

Sometimes all it takes for people suffering from mold related illness to start to feel better . . . is upgrading an AC filter or home vacuum cleaner! We have found over and over again that most mold problems in offices or homes are easily fixed. . . but the problem first has to be located and then has to be fixed right. In this book we tell you what you need to know to not only hire the right mold inspector, but we unravel the mystery of the inspection reports. - What do the test reports mean? - What are the limitations to testing? - How much testing needs to be done? - What do the moisture numbers mean and are they useful? And what about the different kind of testing: DNA, Air-O-Cell, total spore counts, viable culture testing? What type of testing should be ordered to make sure that you can either rule out mold or find the hidden sources of illness-promoting mold and mold toxins?
