First Time in Paperback. His Friend had Disappeared on an Alien World—and Unless He Found Him Before the Authorities Did, Earth Might Lose Its Last Chance for a Rebirth of Hope and Justice. Real Science Fiction Adventure by a *New York Times* Best-Selling Author.

Something strange is happening on the planet Cyrene, which is in the early phases of being "developed" by the mammoth Interworld Restructuring Corporation. Terrans from the base there have been disappearing. Myles Callen, a ruthlessly efficient "Facilitator," is sent to investigate. Also with the mission is Marc Shearer, a young, idealistic quantum physicist, disillusioned with the world, who's on his way to join a former colleague, Evan Wade. On arrival he finds that Wade too has vanished and doesn't want to be found by the Terran authorities. Wade has arranged contact via the Cyreneans, however, and accompanied by two companions that he has befriended, Shearer embarks on a journey to find his friend that will change Cyrene—and Earth itself.
